「啟德發展區前機場跑道末端，有極大潛力發展為旅遊及娛樂中樞。我們建議在此建立城中樂園 -- 『飛躍啟德』，除了娛樂設施外，還可利用啟德獨特的航空、航海及運輸背景，發展兼具教育及娛樂的園地。」

“ The former runway tip in the Kai Tak Development Area has excellent potential to be developed into a tourism and entertainment hub. We propose setting up on this site a recreational landmark - Kai Tak Fantasy. On top of recreation facilities, it can be turned into an "edutainment" destination which will reflect Kai Tak's unique aviation, maritime and transportation history.”
